

## S-candalo

S-candalo is a DJ duo composed of Tania and Dominik Humeres-Correa (THC & DHC). As siblings, their sets are marked by a deep reverence for old-school sounds and a near-telepathic connection that only siblings can share. Raised in Germany with Colombian and Chilean roots, they are intimately familiar with the art of blending — not just tracks, but also attitudes, languages, and perspectives — always watching each other's backs.

Over the years, the duo has moved fluidly through music management, fashion, and nightlife, and their sets reflect a sharp, passionate synthesis of these influences. Their sound is fierce and fearless — burning and relentless, yet seductive — defined by vocal samples, loopy synths, and bright, punchy kicks.

On recent mixes for platforms like MARICAS, Radiant Love, Resident Advisor and Rinse FM, 90s melodies collide with sassy club bangers and polyrhythmic grooves, forming a style that's fluid, playful, and full of fire. Their sound overflows with the queen and the queer — an energy they also pour into Venus Vessels, a non-profit music collective hosting events and programming a residency on Radio8000.

With upcoming gigs this year in London, Amsterdam, Athens, and Berlin, expect nothing less than scandal and heat from city to city.
